ÉCOLE RIVIÈRE-ROUGE

Fall Newsletter 2026

It's hard to believe we're already two months into the school year. Students have settled into their routines, classrooms are buzzing with learning, and there has been no shortage of opportunities for students to connect, participate, and grow. As we move through the fall, we want to thank our families for their continued support and partnership. We hope you enjoy this edition of our newsletter and the snapshot it provides of the many great things happening throughout our school.

Récréation (Recess)

We have returned to our regular recess structure. This year, Educational Assistants are strategically stationed throughout all play areas and equipped with walkie-talkies to support communication and supervision. Students in Grades 2-5 are now able to access both sides of the playground, creating more opportunities for social interaction, new friendships, and peer mentorship across grade levels.

Nutrition

We are continuing with our nutrtition program this year. We are offering a morning snack from 8:15-8:45 and a lunch snack from 12:30-12:50. We will olso be continuing our Food of the Month, the first one will be on November 25th during first snack break.

Clubs

We are so lucky to have so many teachers and students who are organizing and running so many clubs in our school. Here are just a few examples: dance, arts and crafts, math, hockey, camp, reading, comic making, gardening, and so many more! These clubs are for grades 1-5 and usually take place at our first recess.

Concerts

We have our concerts at SOPAC coming up on November 18th and 19th for grades 3-5. We are looking forward to listening and watching all their hard work!

Handball

Handball practice has been underway for a few weeks now. Our grades 4 and 5's have been practicing for their Jamborees on November 12th and 13th. Good luck to everyone!

Safety

If your child will be away, please call the office or email us at err@7oaks.org.
If any incidents occur at school, the school will communicate directly with the families of the students involved. As with all student matters, concerns will be addressed in accordance our code of conduct. We appreciate families working in partnership with us to help maintain a safe and respectful environment for all students.
