Chères familles de l'École Rivière-Rouge,

We would like to inform families that we will be conducting a lockdown tomorrow. We are required to practice lockdown procedures twice per year.

This drill is designed to help staff and children know what to do in the unlikely event that there would be a threat of violence within the building.

Students and staff will practice moving to a safe space within the classroom, lock their doors and remain calm and quiet until the *all clear* announcement is made.

We hope that this information will help you prepare your child for this experience should you feel they need more conversations about this with you. We would like to assure you also that teachers will be going over this procedure with their class before the drill and are always able to debrief with students following the drill should they need further support.

Avec Coeur,

Véronique Laprise
