Parents Comme Partenaires (PCP)

Mini-minutes

1. Introductions were made. Talked about the role of the PAC and discussed briefly renaming to be more inclusive of families. I.e.: grandparents, caregivers, etc welcome as well?
2. Mme Laprise introduced the school plan for the 2026-2027 school year and spoke of our school's Code of Conduct. She let them know that we will be working on the school plan's logo of Avec COEUR with staff this year.
3. We discussed the Nutrition Program and decided that we want to continue with Food of the Month (FOM). The parent council will help to decide which food will be showcased each month and will also be the ones to help prepare the food the night before. 3:30 was an agreed upon time. We will also need family volunteers to hand out the food for certain ones. The first one will be Wednesday, November 25th, we will be serving 3 types of apples (Granny Smith, Macintosh, and Red Delicious). School will buy reuseable platters with lids for each class. Prep day will be Tuesday, November 24th at 3:30 to cut apples. December 16th, FOM, thinking about doing dried fruits such as dates, prunes, and apricots. We will look for pre-packaged options as well.
4. Mme Laprise spoke about recess this year. We will not be having a staggard recess because we were able to hire 2 new Educational Assistants who are able to help with supervision. So far, things are going well. Mme Laprise and Mme Cabral are both outside during both recesses most days.
5. Mme Laprise spoke of the success of the community gardens over the summer. Parents came to water and tended to the plants and the daycare was able to harvest and use some of the vegetables.
6. School clothing orders through Baltic athletics, at this point there were only 4 orders for the whole school. Mme Laprise questioned whether or not to continue with the school clothing. We also talked about how we can better promote the clothing. Ideas included having a table during conferences, posters, examples available for parents to see. Mme Laprise said that there were samples in the office and had mentioned this in a letter home to families. Mme Cabral said she would post it on their Instagram account.
7. Volunteering. Parents must complete Respect in School in order to volunteer at the school or to go on school outings. It can be found by doing a Google search for Respect in School. It is free and takes approximately 1.5 hours to complete. School will send email to families with the link.

8. Mme Cabral spoke about the many different types of clubs that are being run by staff and initiated by students. There are at least 10 clubs such as art club, book making, basketball, dance, etc.
9. Community BBQ will be held on June 24th from 5-7.
10. The next PCP meeting will be held Wednesday, January 20th at 4:30. Also, FOM prep will be at 3:30 before the meeting. FOM will be January 21st and will be red, green, and yellow peppers with hummus.
