# *Arts for Peace*

On Sunday, March 1st, we are holding a very special free event open to all students, staff, families, and members of the Seven Oaks community.

**Arts for Peace will take place at West Kildonan Collegiate,  
located at 101 Ridgecrest Avenue, Winnipeg, Manitoba,  
in the Commons from 1:00–4:00 pm.**

This gathering is inspired by the spirit of the Peace Walks led by monks across the United States—quiet, steady walks rooted in mindfulness, compassion, and a shared commitment to nonviolence. Just as those walks offered a visible reminder that peace begins within and moves outward into community, this afternoon invites us to express that same intention through music, art, and collective presence.

The event will be casual and welcoming. We will begin with an hour of instrumental music-making, followed by an hour of shared singing. Throughout the afternoon, art stations will be set up around the Commons for participants to create in the spirit of peace, hope, and connection. There will also be a reflection station where attendees can write their own messages of peace and hope on Post-it notes. These reflections will become part of a larger collective art piece—an evolving tapestry of our shared commitments and dreams.

Come join us for a meaningful afternoon of community, creativity, and collaboration as we gather in the spirit of peace. Families are welcome to attend and encouraged!
