Seven Oaks School Division
10th Anniversary
Gay–Straight Alliance Gathering
Celebrating Joy, Presence, and Care

For ten years, Gay–Straight Alliances across Seven Oaks School Division have created spaces where students and allies can gather in authenticity, courage, and community. What began as small circles of care has grown into a vibrant network of young people and educators committed to belonging, dignity, and mutual support. Gay–Straight Alliances have been places where voices are heard, identities are honoured, and friendships are formed across difference.

This gathering marks a decade of that collective journey. It is a moment to celebrate the joy that emerges when students are able to show up as their full selves, the presence we offer one another through listening and solidarity, and the care that sustains inclusive communities in our schools.

Together, we recognize the leadership of students, the dedication of educators and staff, and the ongoing work of building spaces where 2SLGBTQIA+ youth and allies feel seen, respected, and valued. As we come together, we celebrate not only how far we have come, but the relationships and commitments that will continue to shape the years ahead.

May this gathering be a reminder that when we lead with joy, presence, and care, we strengthen the fabric of our schools and create communities where everyone belongs. 🌈
