## Treaties

A treaty is an agreement that can never be broken. The people who were involved in making the treaty were the European settlers and the indigenous people. A treaty is sacred because the creator was the witness. The treaty handshake was important because it symbolized friendship and was kind of like a brother. A treaty medal is a coin that has a Treaty commissioner and an Indigenous man shaking hands on the front and Queen Victoria on the back.

## My Ballet Class

Ballet is a kind of dance I do at Spark Studios. I've been doing ballet for 1 year. I go every Monday. Tendu is a ballet step where you put your heels together and turn out your feet. Plie is another ballet step. It's where you put your heels together and you stretch your legs. At ballet, we would always do a warm-up, and we would go across the floor. We would practice our recital dance, then we show are parents. My ballet teacher's name is Ms. Jenna. Our dance colour is black. Lastly, we would get stickers.

Hi, my name is Alex Juliya Quijano and I do judo. Let me tell you what Judo is. Jigoro Kano is the creator of judo. A judo uniform is called a Judogi. In judo, there is no punching or kicking so instead, we use throws. [not the actual throws] A throw is a special way to make your opponent fall. After your opponent falls, you get to pin them a pin is when you trap your opponent on the ground. Judo is Japanese for the gentle way. My judo teacher's name is Nakamura.

## Spring Equinox

It's the first day of spring! Spring Equinox represents the first day of spring, and it starts on Thursday, March 20th, 2025. This is why it's called spring Equinox because it marks the astronomical beginning of spring in the Northern Hemisphere because the Earth's axis and its orbit line up so that both hemispheres get an equal amount of sun. The word Equinox from Spring Equinox comes from the Latin words for equal nights. Have a good spring break!!
