Election 2025

An election is where you vote for someone to become the Prime Minister. However, in Canada, we don't directly vote for a Prime Minister, we vote for MP's. The political party that has the most seats, its leader, becomes the Prime Minister. The election happened on April 28, 2025. Mark Carney became the Prime Minister. In Collicutt school's neighbourhood, the MP that was elected was Raquel Dancho from the Conservative Party.

Willy Wonka

H.C. Avery put on a play called Willy Wonka. Room 7 and Room 9 walked to SOPAC to watch it. We thought the play was really good. It was cool to see kids who used to go to Colliutt on stage. Some of The songs they sang were: The Candy Man, Cheer up Charlie, I've Got a Golden Ticket, Pure Imagination and many more. Once again, it was really good. THE END

UofM Field Trip

Hi today, we will be talking about our class's fun field trip to the University of Manitoba for Discovery Days. When we got there, our guide gave us stickers, which were orange. Our lead was an 82 PB lead, and our guide led us to the table. She said we can have 15 minutes of snack time.

After, she led us to the movie theatre. We watched the Wildlife Show. The first animal was a great grey owl, her name was Nini. The presenter told us about Nini's backstory. One day, Nini was hunting for her prey she was on the highway, and she got hit by a vehicle, but the one who was driving was kind enough to take Nini to the hospital. Luckily, she survived, but she only has one eye. The next animal was a crow. His name was Bo. He has a backstory, also. One time, people were feeding human junk food, and he felt unwell, and someone took him to the vet. Thankfully, he recovered.

After that, we went to the centre where we got to test some stuff and win prizes. The last centre was a Strawberry DNA test they gave us: a toothpick, we picked some strawberries to mash and dish soap, we put all of that together, and we made our Strawberry DNA. They gave us candy. After that, we had a long walk to the bus and we took some pictures!

Moana Jr.

Start-At the start of the play, we see the ancestors of Motunui singing about voyaging the seas. Then it transitions to the actual start of the play, where they start in Motunui. In the play we see Moana wanting to go out and see what the ocean feels like, just like in the Movie. Then the actor of Moana's dad starts singing the first song of the movie. Then the actors dance to the music. We also see Moana's Grandmother dancing near the water. After seeing the rest of the movie, the chief's mother is passing away, then she told Moana to go and restore the heart of Te fiti. Then the waves were people who had these small blankets like things, for the waves to look like they're moving.

Middle- Moana was looking for Maui. Once she found him, they sang the song You're Welcome with expression. Maui tried to find his hook in the monster realm with Moana, and the actor of Maui told Moana to be a bait like in the movie, and the crab Tamatoe was a shiny crab. But in the play they needed Tamatoe to be a medium-sized crab. So they separated the parts from Tamatoe and made them into groups.

End-We see the actor of Maui use a model of the eagle and used it to look like the movie. Then we see the chief's mother as normal, and their ancestors sang with stars in the background of the stage. And we see Maui come back. Then Moana restored the heart of Te fiti, and Te ka turned into Te fiti with the actor of Te ka moving into the back of the stage, then Te fiti came into the stage and Te fiti made Maui a new hook.
