CELEBRATING INDIGENOUS PEOPLE'S DAY

Are you a proud parent with a new baby or having a new baby?
Will your baby be 2-4 months old in October, 2024?

You and your baby could be a 'Roots of Empathy' family!

Roots of Empathy is an international program that we are lucky to have here at Collicutt School.

Its aim is to increase empathy - the ability to understand another person's feelings. Children learn to care and respect each other and there is less bullying and aggression.

- the parent visits the chosen classroom with a Roots of Empathy instructor (Mrs. Rarog)
- the visits are about 30 minutes long, once a month from October to June
- the program helps children to learn about a baby's needs and how babies develop and lets children observe the loving relationship between a parent and baby.

"Roots of Empathy is about changing the world classroom by classroom."
