

Seven Oaks School Division - Partners in Learning

PARENT/CHILD PRESCHOOL PROGRAMS

at West St. Paul Community School

Our programs are **Free of Charge** and are for families living in the West St. Paul Community.

This **FREE Preschool Program** is for children **ages 0-5** and their parent(s)/caregiver(s). Together with your child you will participate in **play time, art activities, stories, songs, rhymes, and nutritious snacks.**

This is a great opportunity for your child to be part of our school environment, to learn and grow with their peers. As a parent or caregiver, you will also get the chance to meet other families living in your neighborhood!

For more information or to register, please contact:
